

Zetron Holds 2nd Annual Golf Tourney to Benefit 'Behind the Badge'

Zetron's second annual "Shoot for the Stars" golf tourney to benefit the Behind the Badge Foundation takes place Monday, August 27, 2012 at Bear Creek Country Club in Woodinville, WA. Behind the Badge is an organization that honors and assists injured and fallen Washington state law-enforcement officers and their families.

Redmond, WA, U.S.A., August 23, 2012— Redmond-based mission-critical communications systems provider, Zetron, is holding its second annual "Shoot for the Stars" golf tournament Monday, August 27, at the Bear Creek Country Club in Woodinville, WA. Proceeds will benefit the **Behind the Badge Foundation**, an organization that honors and assists Washington State's injured and fallen law-enforcement officers and their families. David Rose, Q13 FOX news anchor and host of Washington's Most Wanted, will serve as master of ceremonies.

Last year, through a combination of event sponsorships and matching donations from Zetron and Zetron president and CEO, Ellen O'Hara, the event raised over \$10,000 for Behind the Badge. This year, the event is on track to raise considerably more.

Tournament participants will include first responders and other law-enforcement, public-safety, and governmental personnel from agencies throughout Washington. A car contributed by the Lee Johnson Auto Family will be awarded to any player who gets a hole-in-one at hole 9.

"We are delighted to again be sponsoring an event to benefit Behind the Badge," said Zetron president and CEO, Ellen O'Hara. "The day gives us a very special opportunity to not only connect as a community, but to also show our support for the law-enforcement men and women who take risks every day to ensure our safety and well-being."

Registration the day of the event begins at 9 a.m.; the event starts at 11 a.m. Breakfast will be provided by Panera of Redmond, and box lunches will be provided by Ingallina's. A complimentary pasta-pizza-bar will also be provided at the evening award ceremony.
