

Zetron's 7th Annual Golf Benefit for 'Behind the Badge' Tees Off in August

Redmond, WA, U.S.A., August 10, 2017 – [Zetron](#), a mission-critical communications systems provider based in Redmond, WA, will host its seventh annual "Shoot for the Stars" golf tournament to benefit [Behind the Badge Foundation](#) in August. Behind the Badge is an organization that honors, supports, and assists Washington State's injured and fallen law-enforcement officers and their families.

Celebrity golfers for this year's event include Nesby Glasgow, and Alonzo Mitz. They will be joined by emergency First responders, law-enforcement officers, and public-safety personnel from agencies throughout the state. David Rose, Q13 FOX news anchor and host of Washington's Most Wanted, will again serve as master of ceremonies, as he has done every year since the event's inception.

Through a combination of event fees, partner-company sponsorships, and matching donations from Zetron, previous tournaments raised a total of over \$120,000 for Behind the Badge. This year's event is on track to meet or exceed a target of \$25,000, which would bring Zetron's donations to Behind the Badge to over \$145,000.

"Not only does everyone have a great time, but it gives law-enforcement and first responders who attend the event a chance to experience first-hand the support and appreciation we feel for the difficult and often dangerous work they do," said Zetron President and CEO, Brent Dippie.

About Zetron

Founded in 1980, Zetron manufactures and provides communications systems designed to equip the entire mission-critical control room. Zetron's integrated solutions combine IP-based dispatch, NG9-1-1 call-taking, voice logging, IP fire station alerting, CAD, mapping, video surveillance and security solutions, and automatic vehicle location (AVL) systems. They are expandable, interoperable, and able to support remote and geo-diverse operations. Zetron backs its products with technical support and project-management services known for their expertise and responsiveness. Zetron has offices in the United States, the United Kingdom, Australia, and numerous field locations; and a worldwide network of resellers, system integrators and distributors. Zetron has installed thousands of systems and over 25,000 console positions worldwide. Zetron is a wholly owned subsidiary of JVC Kenwood Corporation. www.zetron.com
